

NJ VTI AWARDS

Each year, the VTI recognizes certain individuals, departments, organizations or companies that have significantly contributed to the fight against vehicle theft. Please help us to get to know who they are by nominating them for an award to be received at our upcoming meeting, which will be held on December 4th, 2008 at Harold's New York Deli, Edison, New Jersey. Please see the NJVTI website for additional information about the meeting.

The Ziegler Award is for a member or group who has shown extraordinary initiative or achieved outstanding results in the area of auto theft. The recipient need not be an NJVTI member.

The Schreiber Award is given to an NJVTI member for service and dedication to the organization.

Additional awards are given if the Board of Directors feels that recognition should be given for special circumstances or projects.

Please write a paragraph or two, or more if you like, describing the activities that qualify the individual or group you have nominated for an award.

Type your answers below, or you may also print this page and fill in the blanks.

_____ should be considered for the

Ziegler Award, Schreiber Award, or other special recognition, because:
[Please check one box above for award you are requesting to be considered]

All submissions must be received no later than: **November 24, 2008**
