

Vehicle Security Systems

This file was update on 10/23/03 (html editor, B. Bidwell).

*** Please Note *** If you do not see a vehicle on the list below it **does not** have a factory anti-theft system based on the current information available. This information is provided with permission of Rick Pacheco of North Eastern Technical Services, www.am.com, and in conjunction with information provided by Ken Vitty, Sterling Investigative Services, www.sterlingis.com . This is the latest information based on their current sources. If anyone finds an error or omission please forward that info to us so we can keep this file as up to date as possible. Thanks

The following is a list of vehicles which have been equipped with ignition lock assembly or key related security systems.

VATS - Vehicle Anti Theft System

MATS - Mechanical Anti Theft System

MRD - 1. Mechanical Rotating Device
2. Magnetic Resonance Device
3. Pass Lock I

Special Notice: !!!!! **2004 Updates are preliminary Manufactures will release official list 2/2004** If you have a reported theft of a vehicle equipped with a Transponder Anti-Theft System it is **extremely important** to determine if the vehicle has a **remote start capability**. Please E-Mail bbidwell@njvti.org if you find any discrepancies or updates to the list. This will help all of us be better informed. Feel free to print and reproduce this form as needed.

Make	Model	Year	Key Related/ Security Systems
Acura	Integra	2000-2001	Transponder
